ter, Miss Karen McDonald as bridesmaids. Their gowns were floor-length white brocade skirts topped by emerald velvet bodices. Following a week's honeymoon in the southern states Mr. and Mrs. Hunter are making their home at Lake Margrethe. She is a graduate of Alpena Catholic Central High and of Mercy School of Practical Nursing and is now employed at Grayling Mercy Hospital. Lansing Notebook

By
Senator John F. Topp

Less than half the residents of Michigan bear the major brunt of providing tax funds for operation of the state's education system, prisons, mental institutions and other state services.

Of Michigan's eight million residents, approximately 4,455,000, or 55 percent — either produce no taxes or produce very little tax money compared to the rest of the state's residents. In 1950, this figure was less than 40 percent.

With the birth rate constantly rising and more persons living to retirement age, where their tax-producing activities are limited, this trend is continuing. Continuation of the present trend will produce a situation in the foreseeable future where only 40 percent of the state's population will be carrying the major burden of taxation and 60 percent producing little or no taxes.

The biggest group of residents who pay little or no taxes comprises the more than 3,300,000 in the day-old to 19-year-old bracket.

At present, more than 240,000 persons are attending junior, community and senior colleges, and universities in Michigan. While this group pays some taxes indirectly, it is not considered a major tax-paying group since its earning power is limited and it pays comparatively little property tax.

An estimated 690,000 persons of retirement age are also not considered in the major tax-paying bracket, because of tax exemptions available when they reach 65 years of age. Few of the 40,000 inmates of the state's mental and corrections institutions provide any state taxes.

"Local Homemakers help develop Michigan State University program"

Where was Grandma's place in history? Mrs. Claude Sloan, Grayling, and Mrs. Frank Krauss, Roscommon might well ask you just such a question. Mrs. Krauss and Mrs. Sloan are currently researching the place of women and families in Crawford and Roscommon area of Michigan for a special program at Michigan State University next summer.

Mrs. Sloan and Mrs. Krauss were asked by the Cooperative Extension Service at Michigan State University to help research and write a script for a special historical pageant to be presented at Michigan State University's College Week for Women, July 25-28. The pageant will be the July 27 highlight of the week's study concentrating on Michigan and Michigan history.

Women from all parts of Michigan will contribute to the pageant. A pantomime, complete with authentic, historical costumes and the pageant will be narrated with background music provided by a state homemakers chorus.

College Week for Women is an annual event at Michigan State University sponsored by the Cooperative Extension Service. Mrs. Krauss and Mrs. Sloan said. It's open to all Michigan homemakers who are interested in informal additional education.

The pageant, prepared as a cooperative effort of Michigan State University staff and Michigan homemakers, is just one aspect of the College Week program. According to Mrs. Sloan and Mrs. Krauss the week offers an extensive choice of specially arranged classes at Michigan State University during the week.

And when it comes time for dishes and laundry, you can depend on the compact fast-recovery electric water heater to provide all the hot water it takes to make your glassware glisten and your wash smell "clean as all outdoors".

Philosophy Of Secrecy Dangerous . . .

There is little doubt that efforts are being directed toward unwarranted control of advertising as a back means of regulating business and more important—restricting the most fundamental of all rights—freedom of the press. In most instances, as in the case of retail distribution industry, restrictions on advertising are proposed in the name of protecting the consumer. Nothing could sound more innocuous than this, if it is realized that advertising and a free press are inseparable.

Advertising is what makes the competitive free market system a living reality. No better example of this is found than in the field of mass-distribution. It is advertising and promotion to sustain the movement of the maximum volume of goods at lowest possible prices.

There are laws, as there should be, against fraud and deception in advertising. But, as Senator Everett Dirksen recently noted, " . . . advertising informs the people of what is being offered in the marketplace, as well as assuring for everyone, whether a journalist or not, right of freedom of expression . . . People dare not let that advertising is as much a means of informing people as any other part of a newspaper . . . If one tampers with, or abridges, the freedom of one portion of the press, then the entire press structure is jeopardized."

It is no coincidence that many of those who pursue a pseudo-economic philosophy—that the government knows best—are most active in advocating restrictions on the mainstay of our free market system—advertising.

At Miami, Florida, February 20, 1944, the Soldier's Medal was presented by Lt. Col. Joseph Mackey, Commanding Officer of the 4th Ferrying Group, Detachment, to Sergeant Douglas Foley, Bishop and the following citation, prepared by Major Ralph Wade, was ready at the review by Captain John Bayles, Jr., Commandant of Troops: 1. Under authority of paragraph 12A-AR-60-45, and by direction of the President, the Soldier's Medal was awarded to Sergeant Douglas F. Foley, A. S. N., Army Air Forces, for heroism beyond the call of duty at Charlevoix Airport, Charlevoix, Michigan, August 2, 1943. 2. Under total disregard for his own safety, Sgt. Bishop approached and entered a burning plane, removing the bodies of officers therefrom. 3. Sgt. Bishop directed the extinguishing of flames by the Fire Department, helped remove bodies of other officers from the debris, and remained on guard without sleep for over 24 hours until relieved by proper authority. The medal was presented to Sgt. Bishop following his fifth mission by bomber to Africa, India and Burma.

Emery Jr. was taking oil from the barrel when it exploded and he was thrown out of the garage door by the blast. The door had been left open. He was unhurt. The flames spread quickly from the garage to the house, which was of frame construction, and in a short time it was a mass of flames. The Grayling Fire Department was soon on the scene, but the fire had already gained too much headway for the firemen to save the building. Fireman William LaGrow suffered a cut on his head when he was struck by a section of the falling roof. Mr. Craft received a slight hand injury from broken window glass. War Bonds and the washing machine were the only articles saved. The buildings were completely destroyed. The loss was partially covered by insurance.

By Willard Bosserman

In addition, the specialist will bring the group up-to-date on time- ly subjects such as the revision of the Flat Act, the regulatory power of the state's Water Resource Com- mission and public vs private own- ership of streams and lakes.

Handy Hints
from
HEIDI MATTHIAS

USE A POSITIVE APPROACH

Focus on "do's" instead of "don'ts" if you want to give your child the best guidance. "If you listen to the ways parents guide children, you'll hear the words, "don't," "stop," and "quit," pre- facing many commands to children. If the child is in danger of hurting himself or someone else, these words may be necessary. However, in most situations just telling a child what not to do doesn't pre- pare for what to do, or teach him how to handle a situation in a bet- ter way."

Try translating the "don'ts" into "do's." Instead of saying "Don't throw the ball," translate it into, "Roll the ball on the floor." Or, "Hold the kitty gently," instead of "Don't squeeze the kitten."

It is important for a child to de- velop a feeling that he is able to do things... that he is capable and worthwhile person. A "can do" feeling enables a child to try new things and to approach school and other life situations with confi- dence.

"Being exposed to too many be- litting experiences destroys self- confidence in a child." For instance, if after a mistake we tell a child, "Can't you ever do anything right?" We may make him feel that, in fact, he never can do anything right. Help him to learn to do it right, within the limits of his abili- ty and maturity.

These suggestions, and others, for helping a child to grow up so he can meet life situations are con- tained in a new bulletin, "Child Guidance Techniques," published recently by the Cooperative Ex- tension Service of Michigan State University. Anyone wishing a copy should contact the Cooperative Ex- tension office in Roscommon and ask for bulletin 565.

Kirtland College Trustees Visits Florida College

While on his Florida vacation last month, Dr. Charles Oppy, trustee of Kirtland Community College, paid a visit to North Florida Junior College at Madison, Florida. The purpose of his visit was to study and observe the operation and physical plant of North Florida Junior College, since it was described to him by educators before his visit, as an institution very similar to that into which Kirtland Community College might evolve.

Dr. and Mrs. Oppy were the guests of Dr. Marshall Hamilton, president of North Central Florida Junior College, who founded the institution ten years ago and has been its only president. Dr. Oppy reported details of his visit to the Kirtland Community College Board of Trustees at their regular meet- ing on March 9. Visits of this kind are becoming frequent among officials of community colleges, es- pecially those in the formative stages; they serve to disseminate information and experiences to evolving established and operat- ing. Dr. Oppy also represented Kirtland Community College at a convention in Florida last Decem- ber at which time a number of in- stitutions were visited.

that can literally eat away your car's body this winter.
Why take a chance when you can prevent rust so
quickly and inexpensively? New Leonard Rustproof
Compound is a special blend of rust inhibitors, waxes,
solvents and penetrants that protects against rust
before it starts, keeps it from spreading if it's already
begun. Sprayed on under pressure, it gets inside rocker
panels, headlight housings, fender wells and other
places ordinary under-coatings can't reach. One ap-
plication coats and protects any car, old or new. Come

Chamber of Commerce Minutes

Regular meeting Grayling Re-
gional Chamber of Commerce,
Penguin Inn, February 23, 1967.
This meeting was called to order
at 12:25 p. m. by President Bill
Kraus. Members present: Gerry
Burns, Ray Elsey, Billie Forbes,
Bernard Fowler, Bill Kraus, John
Latuszek and Ed Rutkowski. Mem-
bers absent: Sandy Thompson and
Don Welsler.

Guests, Marilyn Longworth, Pa-
geant Director, Ron Frosh, Michi-
gan Canoe-Racing Association. Al-
so present: Earl "Chum" Long-
worth, manager.

Correspondence: Manager Long-
worth read letters from the Detroit
Boy & Girl Scouts and the Battle
Creek Scouts, thanking the Cham-
ber for helping to plan their week-
end of winter sports. All groups in-
dicated a desire to return next
year.

A letter has been received from
the State Highway Department in
reply to our inquiry regarding
"points of interest" displays at the
rest areas north and south of Gray-
ling on I-75. It stated that "until
standards are developed and ac-
cepted by the several states, we
are not in a position to install or
permit directory signs of any type
within the rest areas on the free-
way system."

Mr. Longworth also read a letter
from the Sports Car Club of Am-
erica in which they say they have
decided not to hold any races this
year because of financial reasons.
Treasurer's Report: Treasurer
Billie Forbes brought the Board up
to date on the financial status of
the Chamber. Motion by John La-
tuszek, seconded by Ed Rutkowski,
that this treasurer's report be ac-
cepted. All Ayes.

Mrs. Forbes then presented a list
of bills to be paid. Motion by Ray
Elsey, seconded by Gerry Burns,
that these bills be approved for
payment. All Ayes.

Marilyn Longworth gave a finan-
cial report on the two Pageants
and recommendations and sugges-
tions concerning future pageants.

A motion was made by Billie
Forbes, seconded by Ray Elsey,
that Mrs. Longworth be reimbursed
for expenses incurred in trans-
porting the girls to Cadillac for
their television show.

President Kraus, speaking in be-
half of the Chamber, extended a
warm thanks to Marilyn for the
tremendous job she has done on
these pageants.

A motion was made by Bernard
Fowler, seconded by John Latus-
zek, that Marilyn Longworth be
invited to serve as Pageant Direc-
tor next year. All Ayes.

Ron Frosh appeared before the
Board to speak with regard to the
1967 Ausable River-Canoes Race.
His first concern was to receive in-
writing authorization from the
Chamber Board for the Michigan
Canoe Race Association, which is
now registered as a non-profit or-
ganization, to plan for a 1967 race.
There will be no obligation on the
part of the Chamber. The dates
have been set for the weekend of
August 5 & 6. A motion was made
by Bernard Fowler, seconded by
Gerry Burns, that the Michigan
Canoe Race Association be invited
to come into the area and hold the
race. All Ayes.

Mr. Frosh's second concern was
if the Chamber would subscribe a
stipulated amount toward the race.
He felt that within the next couple
of years the race could become self-
sustaining. It was pointed out
that there were no funds budgeted
for this year's race, and any fi-
nancial support would have to
come from outside sources.

Several other ideas on the race,
offered by Ron Frosh, were to hold
a novice or amateur race in con-
junction with the regular race for
trophy. Perhaps this could be
turned into a three day affair with
an upstream race from Louie's
Landing on Friday.

Manager Longworth told the
Board of the meeting with repre-
sentatives of the Central Michigan
Old Car Club which was also at-
tended by Bill Kraus and Charles Pick.
The dates have been set for Aug-
ust 11, 12 and 13. Approximately
80 antique cars will depart from
Breckenridge, Michigan, and will
arrive in Grayling about 3 p. m.
on Friday. It was suggested that

one block of Michigan Avenue be
closed where the cars will be dis-
played and various contests held.
There will also be a big parade.
A trophy dinner will be held on Sat-
urday evening for 150-200 persons.
The host city will need to furnish
three trophies to be awarded at the
dinner, send placards for the 80
cars, and supply souvenir gifts for
each member. Some 700-800 per-
sons are expected to be in attend-
ance. A formal letter of invitation
has been requested. Motion was
made by Gerry Burns, seconded
by Ed Rutkowski, that this group
be invited to hold their summer
conclave in Grayling. All Ayes.

Billie Forbes, Chairman for the
Presidents-Dinner to be held dur-
ing Michigan Week, reported that
she has met with Arnie Mauren
and a tentative date of May 18th
has been set. It is hoped that the
dinner, honoring the presidents,
chairmen and leaders of primary
organizations will become an an-
nual affair. Mrs. Forbes stated
that plans for the dinner will make
the evening a most enjoyable af-
fair.

Bernard Fowler reported on the
status of the Grayling exit light-
ing. He stated that the lights for
the north end were shipped on Feb-
ruary 17 and will be installed. How-
ever, there will be a delay on the
colored poles needed for the south
end. Mr. Fowler suggested that the
Chamber write a letter to the State
Highway Department giving rea-
sons why I-75 exit lights are need-
ed.

Manager Longworth informed
the Board that the Michigan Con-
solidated Gas Company has con-
tributed a booth at the Trade Show,
to be held May 12-13, to the
Chamber.

There are no new members.
Major Rutkowski directed the
Board's attention to Public Act 287
that provides a means that our
community might benefit from an-
other bathing beach facility. Man-
ager Longworth agreed to write
the necessary letters to the Super-
visors of Crawford County advising
them of the matter.

Motion by Bernard Fowler, sec-
onded by Ed Rutkowski, that this
meeting be adjourned at 2:30 p. m.
Next meeting to be held March 9.
Marge Roper, Sec'y.

SPRING FASHIONS PREVIEWED

By Heidi Matthias
Extension Home Economist

"Behind the Seams" with adult
sewing students was the theme of
a diversified fashion serving pre-
sentation given Wednesday March
1, in the Roscommon County Build-
ing. Nearly 200 women attended
from the area.

Twenty fashions loaned by the
Educational Division of the Sim-
plicity Pattern Company on New
York was featured. The presen-
tation, which included selections
for every age in many sizes, high-
lights the latest news in fabrics
and colors in garments for daytime
activities, leisure hours and special
evening occasions. Of great inter-
est to everyone who sews was the
emphasis on construction techni-
ques for achieving the professional
look. Lining, underlining and inter-
facing was discussed in detail.

Mrs. Frank Koehle narrated the
fashion show. Girls from the Home
Economics Classes of Houghton
Lake and Roscommon high schools
modeled the garments.

Much credit is due Mrs. Frank
Kraus, Extension chairman, as-
sisted by: Mrs. John Horn, Mrs.
Kenneth Teeter and Mrs. Ray Pe-
ters members of the Extension
Study Groups. Mrs. Howard Gay-
lor took charge and instructed the
models.

Did You Know

What Members of the Reorganized Church of Jesus Christ Believe?

(Continued from Last Week)

We believe in the same kind of organization that existed in the primitive church, viz: apostles, prophets, teachers, bishops, elders, and deacons — a constituted priesthood to teach and represent him on earth. 1 Cor. 12:28; Luke 10:1; Acts 14:23; Ephesians 4:11; Philippians 1:1; 1 Peter 2:5.

We believe that the Bible contains the word of God. We believe that the canon of Scripture is not full, but that God, by his Spirit, will continue to reveal his word to man until the end of time. John 14:19, 21; 16:12-14; Amos 3:7; II Peter 1:21; Acts 2:17-18; 21:9; I Cor. 12:28; Eph. 2:20.

We believe in the powers and gifts of the everlasting gospel, viz: wisdom, knowledge, faith, healing, miracles, prophecy, discerning of spirits; tongues interpretation of tongues. Mark 16:16-18; I Cor. 12:1-11.

We believe that marriage is ordained of God; and that the law of God provides for but one companion in wedlock for either man or woman. In cases where the contract of marriage is broken by death the remaining one is free to marry again, and in case of breach of the marriage covenant the innocent one may also remarry. Malachi 2:14-16; Matt. 19:9.

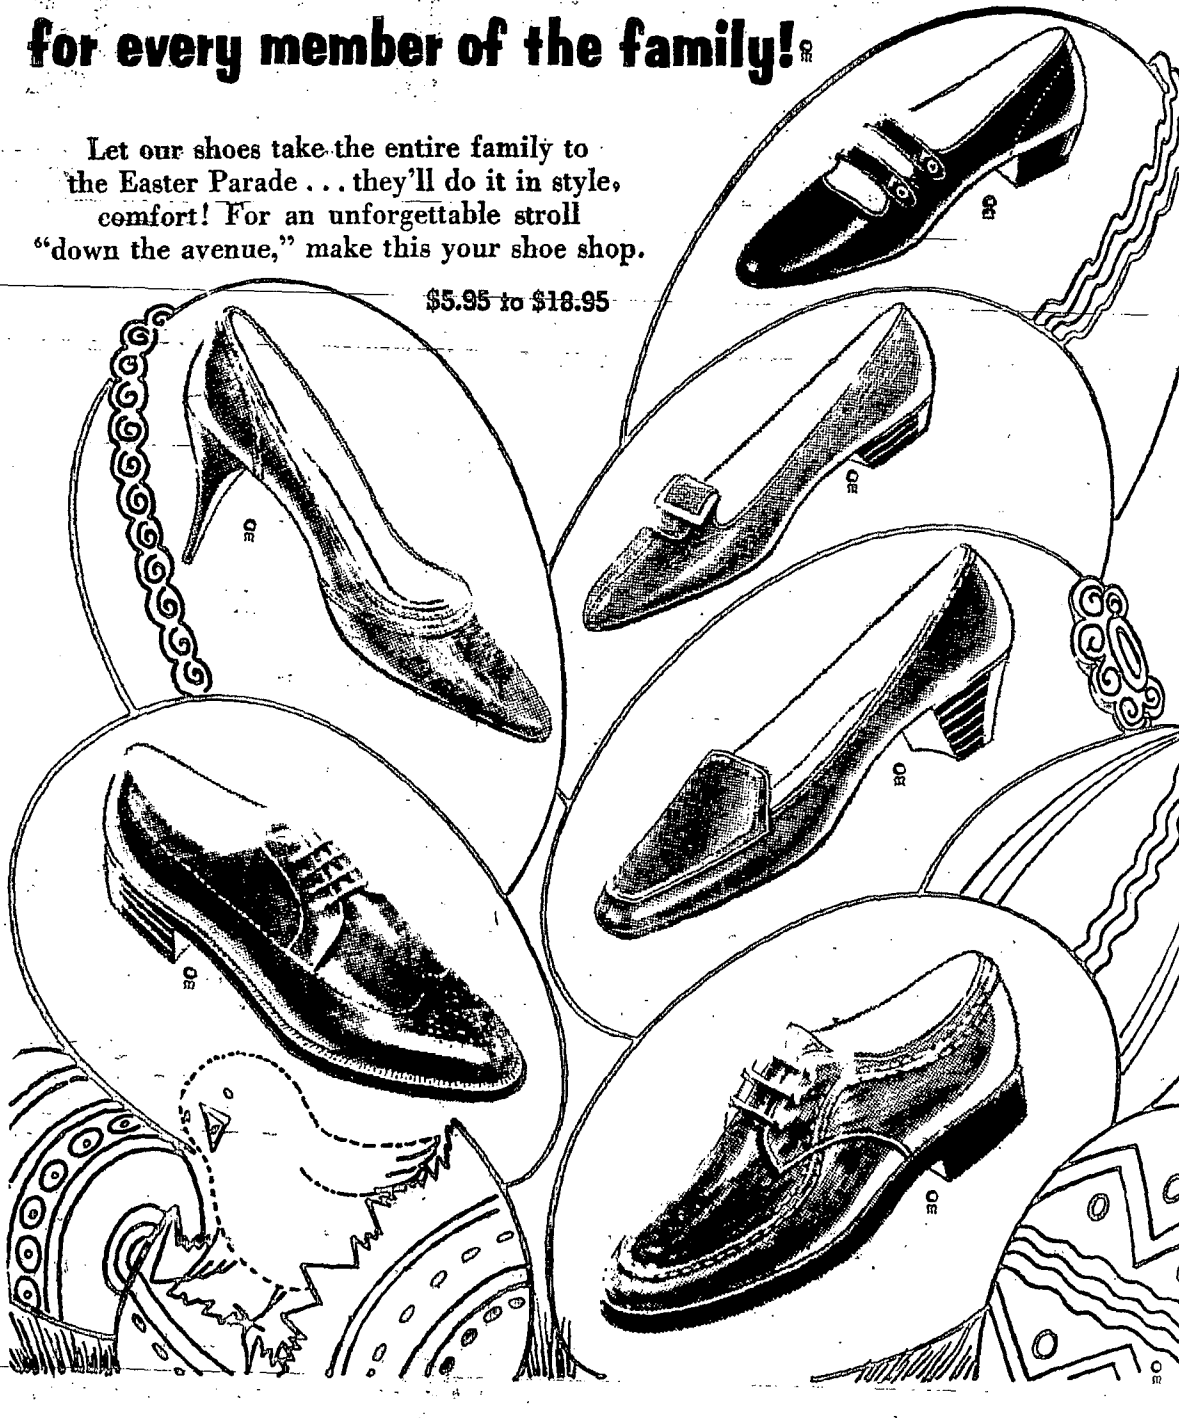

We believe that the doctrines of plurality and a community of wives are heresies, and are opposed to the law of God. The Book of Mormon says: "Wherefore, my brethren, hear me, and hearken to the word of the Lord: For there shall not any man among you have save it be one wife; and concubines he shall have none; for I the Lord God, delight in the chastity of women. And whoredoms are an abomination before me; thus saith the Lord of Hosts." These beliefs will be continued next week. Worship God this week, regards from Members of the Reorganized Church of Jesus Christ of Latter Day Saints. Adv.

V. F. W. Auxiliary

The Crawford County V.F.W. Auxiliary meeting was held March 1st. Several members were present, also one guest, Department Historian Mabel George of Mio.

President Lucille Teitling called the meeting to order and several nice reports were given. We were also reminded about the coming election in April.

Come on girls, let's try a little harder to make the meetings, as we need you very much. We are glad to see Julia Press able to make the meeting. We have missed her so much lately.

As the weather will be getting better from now on maybe we can all make more effort. There is much to be taken care of at our next meeting, March 15th, so please try to attend.

Did You Know

What Members of the Reorganized Church of Jesus Christ Believe?

(Continued from Last Week)

We believe in the same kind of organization that existed in the primitive church, viz: apostles, prophets, teachers, bishops, elders, and deacons—a constituted priesthood to teach and represent Him on earth. 1 Cor. 12:28; Luke 10:1; Acts 14:23; Ephesians 4:11; Philippians 1:1; 1 Peter 2:5.

We believe that the Bible contains the word of God. We believe that the canon of Scripture is full, but that God, by His Spirit, will continue to reveal His word to man until the end of time. John 14:19, 21; 16:12-14; Amos 3:7; 1 Peter 1:21; Acts 2:17-18; 1 Cor. 12:28; Eph. 4:20.

We believe in the powers and gifts of the everlasting gospel, viz: wisdom, knowledge, faith, healing, miracles, prophecy, discerning of spirits; tongues interpretation of tongues. Mark 16:16-18; 1 Cor. 12:1-11.

We believe that marriage is ordained of God; and that the law of God provides for but one companion in wedlock for either man or woman. In cases where the contract of marriage is broken by death the remaining one is free to marry again, and in case of breach of the marriage covenant the innocent one may also remarry. Matt. 2:14-16; Matt. 19:9.

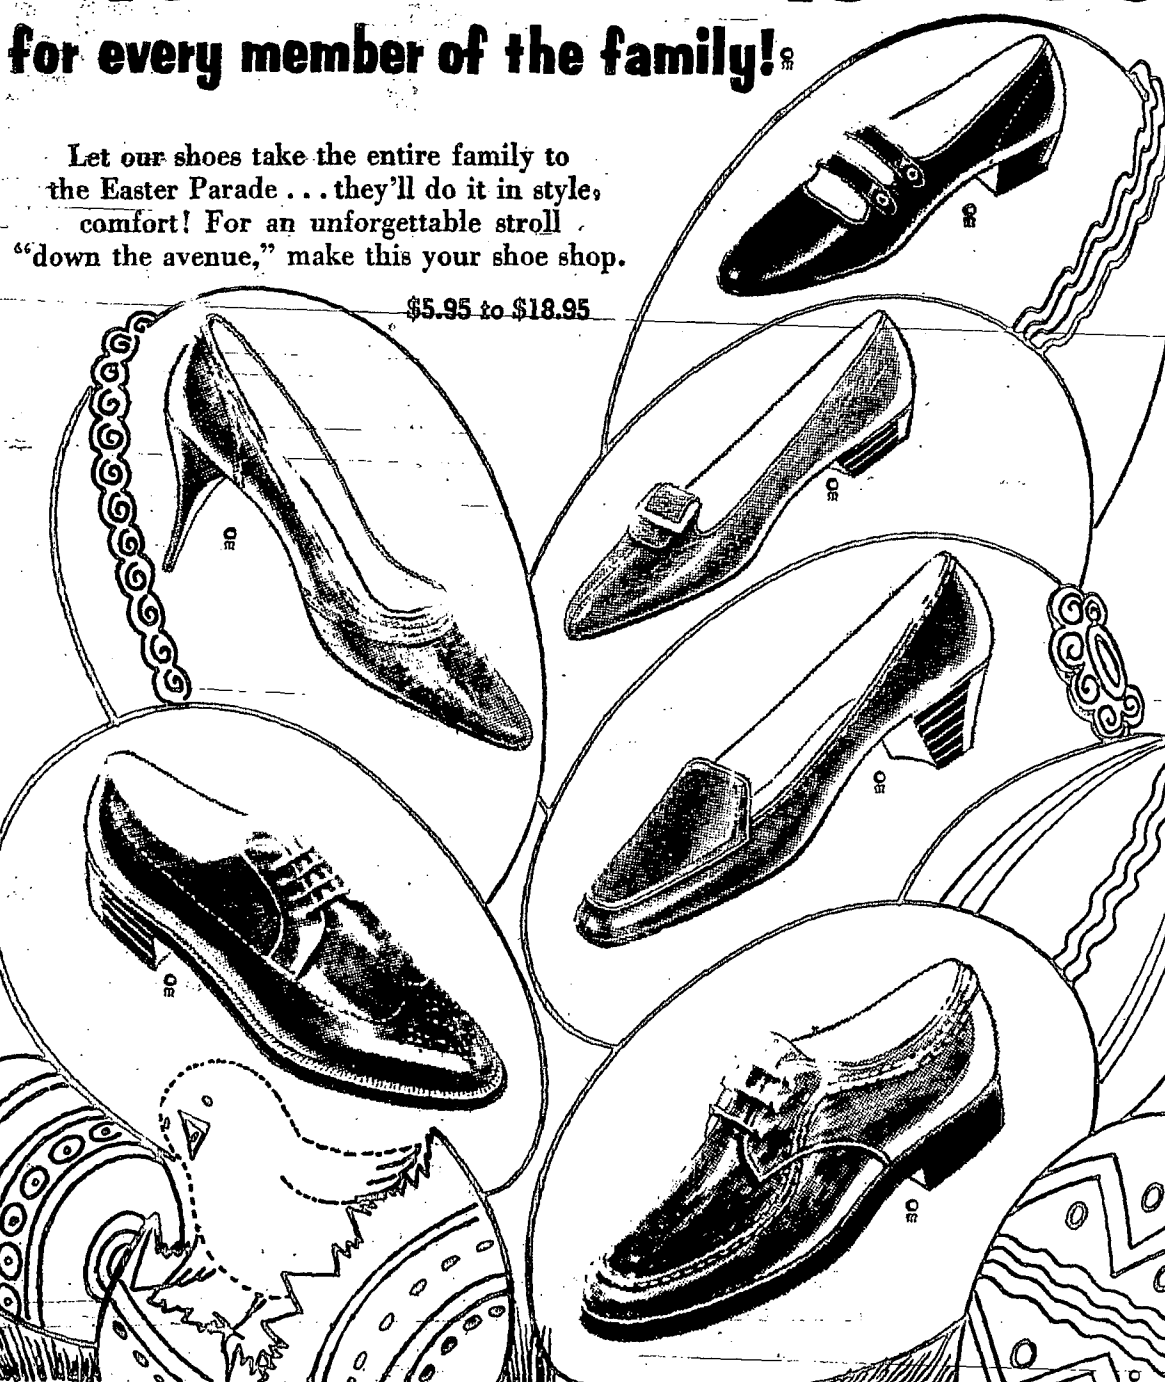

We believe that the doctrines of plurality and a community of wives are heresies, and are opposed to the law of God. The Book of Mormon says: "Wherefore, my brethren, hear me, and hearken to the word of the Lord: For there shall not any man among you have save it be one wife; and concubines shall have none; for I, the Lord God, delighteth in the chastity of women. And whoredoms are an abomination before me; thus saith the Lord of Hosts." These beliefs will be continued next week. Worship God this week, regards from Members of the Reorganized Church of Jesus Christ of Latter Day Saints. Adv.
